COMPANY INTRODUCTION

Hangzhou Shenhuang Non-woven Products Co., Ltd. was established in 2008, located in the north of Hangzhou, the beautiful and livable capital. It is a company engaged in non-woven products. The company specializes in the production, research and development, sales, and wholesale of various non-woven products. The product categories are rich, including all kinds of cleaning wipes, disinfection wipes, baby wipes, wet toilet paper, kitchen cleaning dry wipes, pet wipes, makeup removing wipes, and other functional wet wipes and various cotton soft wipes.

packaging production lines for 30-120 pieces products, 10 to 30 pieces of small packaging products, and 5 cm to 12 cm diameter barrel series. We also have automatic lid sticking robots and automatic labeling machines. We can reach a daily output of 300,000, and an annual output value of 100-150 million RMB.

In February 2020, the company actively responded to the national Covid-19 prevention work and was listed as a provincial key epidemic prevention material manufacturer, providing disinfection wipes and other epidemic prevention materials to all parts of the country. Through rigorous training, assessment, and practice, we strive to build our company into a leader in marketing and customer service in the cleaning industry and personal hygiene care industry. At present, our products are sold to all parts of the country and exported to the United Kingdom, Italy, the United States, Canada, Russia, Australia, Europe, America, Dubai, and other countries and regions.

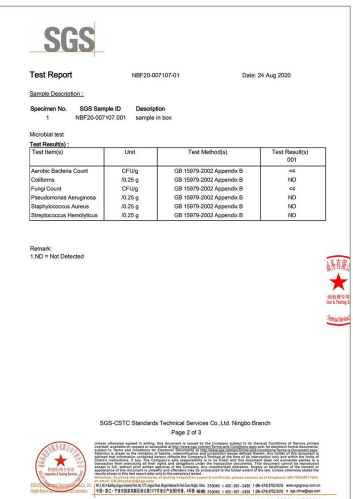

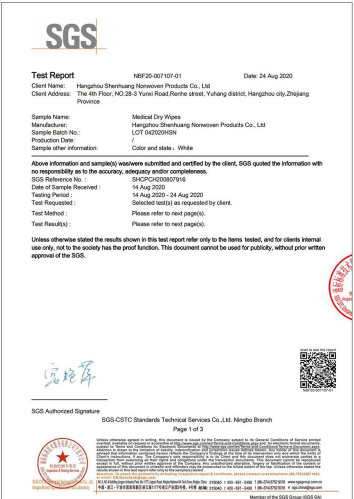

We take "promoting industrial development" as our mission, "build a brand and strive to be a clean and healthy image ambassador" as our business philosophy, and "meet the needs of healthy and high-quality life" as our corporate purpose. We take the customer as the center, serve everyone, and make our contribution to meet your health and high-quality life needs.
